WORK EXPERIENCE

Currently a Student at TU Darmstadt in AIML (WS 26)

Business Intelligence Engineer- AI and Data Enpal GmbH | Remote

March 2025 – Jan 2026

- Managed a team of interns and mid-level professionals to develop key deliverables 40% faster and with 87% lower capital expenditure for cloud compute.
- Improved security and privacy of AI systems by 80%.
- Modernized queries on legacy databases for 25% faster execution and 50% greener.
- Ensured the compliance of Agentic AI systems with the EU AI act 40 % faster and more efficiently, cutting down operation delays.
- Worked on improving Foreign Exchange Payments in the EMEA region.
- Earned Recommendation from Board of Directors.

Software Engineer Intern Kreativstorm LLC | Remote

Feb 2025 – March 2025

- Developed a full-stack parking lot management application using Django REST APIs, handling 100% of backend architecture and integration workflows.
- Engineered dynamic front-end and back-end features to reduce manual effort by 70%.
- Integrated DeepL AI API for 40% faster automated multilingual translations.

Data Engineer Contractor LTIMindtree| Pune, India

Aug 2024 – Feb 2025

- Trained in Azure, Excel, Dynamics 365, and Power BI, designing dashboards that boosted client (HSBC) reporting efficiency by 30%.
- Streamlined workflows with low-code AI tools, reducing delivery time by 40%.
- Developed and deployed Spring Boot, XRM and JavaScript-based interfaces, achieving 90% application availability post-launch.
- Finalized Azure Pipelines and data sockets for seamless data transmission.

RESEARCH PUBLICATIONS

- 1) [Enhancing Passive Index Investing: Augmenting Volatility Harvesting with Machine Learning Models for Higher Returns. IEEE. \(In press\)](#)
- 2) [Automation of Black-Litterman Asset Allocation Model using Machine Learning for Algorithmic Stock Trading. \(Under review\)](#)

CERTIFICATIONS [\(Click to view\)](#)

Microsoft certified AI Engineer

Google Analytics Individual Qualification

Microsoft certified Data Analyst

IBM Certified Data Scientist

Nvidia certified in RAG agents with LLMs

AWS Certified Cloud Professional

Anthropic certified in MCP

EDUCATION

B. Tech CSE-AIML (9.1 CGPA)/1.5 in german – SRMIST, Chennai 2021 – 2025

Diploma Data Science and Applications (7.3 CGPA) - IITM 2021 – 2025

SKILLS

- Scripts/ Languages- Python, Java, JavaScript, C++, Linux, Bash, HTML, SQL, GraphQL.
- Theory- Statistical/ Financial/ Mathematical modelling, Classical machine learning, Deep learning, Data Structures and Algorithms, Computer Vision, Natural Language Processing, Statistical Testing, Data Analysis, Data Visualization, Data Preprocessing, Feature Selection, Agentic Artificial Intelligence, Clustering, Time Series Analysis, Feature Engineering, Finetuning, Cybersecurity, Digital Privacy, Corporate Economics, Business Management, Reinforcement Learning, Continuous Integration, Continuous Development, Research, System Monitoring, Asset Portfolio Management, Software development.

- **Tools**- Azure, Power BI, Docker, Kubernetes, AWS, GCP, Azure, Plotly, Spreadsheets, HuggingFace, Jupyter, LLM prompt engineering, Accelerated Computing, RAG, Snowflake, Airtable, Microsoft Graph API, Jira, Data Extraction, Salesforce, Web Scraping, Insomnia, Postman, Prometheus, Claude, Airflow, Kafka, Langchain, Langgraph, Mlflow, Terraform, Tableau.
- **Libraries**- Pandas, Numpy, Scikit-Learn, Fastai, Pytorch, Tensorflow, BeautifulSoup, Mysql, Flask, SQLAlchemy, CUDA, XGBoost, PySpark, Pydantic, Keras, Google AI studio, Azure AI Foundry, Celery, Redis, ONNX, VueJS, Django.
- **Soft Skills**- [English\(IELTS 8\)](#), [German\(C1\)](#), French(A1), Adaptability, Communication, Creativity, Collaboration, Critical Thinking, Leadership, Versatility, Team Management, Time Management, Team Development, Continuous Learning, Problem Solving, Emotional Intelligence, Stress Management.

ACTIVITIES

- Nvidia Jetson AI for robotics certification (2026)
- IIM Summer School in Management (2025)
- Microsoft Cloud Skills Challenge Winner (2024)
- Texus Hackathon Team Leader 2nd place Achieved (2023)
- ELAN Fashion Society Operations Lead (2022)
- Citi Bank + IITM Cybersecurity Seminar (2021)
